25X1 5. [ ] Winston Bryant, Legislative Assistant to Senator John L. McClellan (D., Ark.), called and asked about the status of the amendments to S. 782 which Senator Ervin had suggested. I advised Bryant that we had worked on these amendments and that they were now in a form which would be acceptable both to NSA and ourselves. I also indicated that we had been in touch with the FBI on these and that the Bureau was holding to its position of requesting a complete exemption from the bill. I explained to Bryant that while we felt a full exemption was a clearer and better approach we could live with the amendments as we had resubmitted them to Larry Conrad. Bryant said that Senator McClellan wanted to help Senator Ervin get the bill out but only if full exemption were granted the FBI, NSA, and ourselves. 25X1
